CATSKILLS WEST Theatre Arts Day Camp Ages 5-10

Lights, cameras, action! The show will go on as the magic is still alive at Catskills West. Located on the picturesque grounds of the Historic Greystone Mansion, your children will be engaged in activities that will motivate and stimulate their creative desires. The goal of Catskills West is to show children that everyone is a star, no matter how small the role. We also promote teamwork and socialization in a group setting. 5 and 6 year olds will be specially featured in the opening of the Catskills performance.

Please wear comfortable clothes and closed toed shoes. Bring a morning snack, sack lunch and water. We will provide an afternoon snack. There will be an optional parents orientation meeting on the 1st day of camp from 9:15am-9:45am where you will meet the director, receive the weekly newsletter and a brief overview of the camp.

Session 1 will perform MARY POPPINS
 Session 2 will perform ONCE ON THIS ISLAND

UPPER CATSKILLS WEST Theatre Arts Day Camp Ages 11-14

Concentrating on the technical aspects of drama, singing and dancing, the Upper Catskills actors will have the opportunity to build confidence while learning how to work as a cohesive unit. This program promotes human development and positive socialization in a group setting. Each session will culminate with a production by the campers showcasing their incredible talents. This program is ideal for boys and girls, as long as they are prepared to perform and have fun.

"The positive experience both my children have enjoyed through the Catskills West program has played a major part in their performing foundations. I have highly recommended this program to too many people to remember...Catskills West helps build confidence, encourages lifelong friendships, and gives back great memories!"

CREATIVE SPACE SUMMER CAMP Ages 3-15

The fun never stops because we do it all at Creative Space! What can you do? Make a movie, create in the art room, cardio kick-boxing, design video games, write and record your own music, learn stunts from a stuntman, spend a day at the beach, play basketball, put on a show, do yoga, design a t-shirt, go down a water slide, do woodworking, play kickball. Want more? How about soccer, costume making, stomp hip-hop, cooking, dodgeball, scavenger hunts, dance parties, live animals, set design, sign language, volleyball, jewelry making, water play, and much more!

Our Junior Camp is tailored just for the little ones. Music, art, cooking, yoga, play, and more in a setting that is designed just for our 3 and 4 year old campers. A great combination of indoor and outdoor time paired with both physical and artistic activities.

More details: www.creativespaceusa.com.

Our three-week sessions are inventive and never repetitive; whether we are on campus or at the beach, Creative Space aims to offer each child with a creative and positive summer camp adventure.

ENGINEERING FUNDAMENTALS WITH LEGO®

Thousands of LEGO® return to Beverly Hills!

Children will be given instruction, design challenges, with LEGO® Technic and System components. This is a hands-on and minds-on class suitable for LEGO® novices to “maniacs.” This class is not affiliated with the LEGO Group. www.play-well.org

Pre-Engineering (Ages 5 – 6)

Have your child become a Play Well engineer this summer! With access to over 100,000 pieces of LEGO, create, play, and tackle challenges that explore the fundamentals of engineering, all while having fun learning. Build cities, bridges, planes, cars and motorized creations. Your child will have the opportunity to build what they have only dreamed of with the support of an experienced Play Well engineering instructor to guide them.

Engineering FUNDamentals (Ages 7 – 12)

Have your child become a Play Well engineer this summer! With over 100,000 pieces of LEGO®, take on real-life engineering challenges that explore concepts in physics, mechanical/structural engineering, and architecture. From motorized machines to castles & catapults, this is a hands-on and minds-on camp suitable for LEGO® building system novices to “maniacs.” Designed by engineers, the curriculum challenges both new and returning students to reach the next level of engineering comprehension all while having fun. Your child will have the chance to build what they have only dreamed of with the support of an experienced Play Well engineering instructor to guide them.

Bash'em Bots (Ages 8 – 12)

Create a wrestling robot to compete in the ring. Then reengineer it to be a battlebot and take on all challengers! Instruction for this advanced camp will be provided by an experienced Play Well Engineering Instructor. Familiarity with LEGO™ Technic is desirable and can be obtained by attending FUNDamentals camp.

Engineering Challenge (Ages 8 – 12)

Engineering Challenge is a cooperative camp in which students work together to complete daily challenges. By combining their knowledge of various machines and motorized projects, students will work with one another to solve large-scale challenges. Students will build steering cars, conveyor belts, ramps, elevators and a variety of other projects to help reach their goals.

This is the most advanced camp we offer and students should have taken Engineering FUNDamentals prior to the start of camp.

The VLP is an exciting opportunity for students to serve the community. The training portion consists of four half-days of instruction, followed by seven or eight weeks of service, assisting Recreation Leaders and Childcare Counselors. The service portion is part-time, usually 3 days per week. Interested students must submit an application with fee. Space is limited and applicants will be contacted for an interview to determine if they will be accepted into the program.
